

FOR HOMEOWNERS IN METROWEST, THE SOUTH SHORE AND THE PROVIDENCE AREA

Your home, cared for like ours, and earning all year.

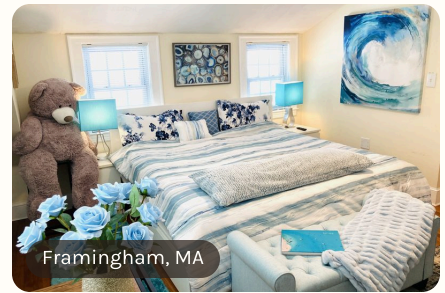

NTStays is owner-run: since 2021 we've hosted guests in our own three homes: nightly stays when demand is high, furnished monthly stays the rest of the year. We'd like to do the same for yours.

Two ways your home can earn

Nightly stays

Listed on Airbnb, Vrbo, Booking.com and our own site, priced for peak season and weekends.

Longer stays, flexible terms

Furnished stays of a few weeks to many months for traveling nurses, professionals, and families placed by their insurance. Steady income and far fewer turnovers.

We mix the two to keep the calendar full, and we run both in our own homes today.
